ARIZONA REGIONAL HAZE STATE IMPLEMENTATION PLAN

### **DRAFT SO<sub>2</sub> MILESTONE TRACKING PROCESS AUDIT REPORT FINAL REGIONAL SO<sub>2</sub> EMISSIONS AND MILESTONE REPORT**

A public comment period on the draft SO<sub>2</sub> Milestone Tracking Process Audit Report will be held from May 10, 2007 through June 11, 2007. The draft audit report, available for review at the Western Regional Air Partnership (WRAP) website at <http://www.wrapair.org>, is a requirement under Section 309 of the Regional Haze Rule [40 CFR 51.309]. The primary focus of the audit is the process used to track and compute the regional stationary source sulfur dioxide (SO<sub>2</sub>) emissions inventory from the data provided by each state and tribe. This data is used to compile annual milestone reports. The milestone reports are also available on the WRAP website.

The public comment period for the draft audit report will end 5:00 p.m. on Monday, June 11, 2007. Comments postmarked on or before that date will be accepted. Comments on the draft audit report should be addressed, faxed, or e-mailed to the addresses listed below.

This notice also serves as a public notification of the submittal to EPA of the SO<sub>2</sub> Regional Emissions and Milestone Report for 2005. The report, available on the WRAP website listed above, determines whether or not SO<sub>2</sub> emitted by large industrial sources exceeded the 2005 SO<sub>2</sub> emission milestone set in the Regional Haze State Implementation Plans for Arizona, New Mexico, Oregon, Utah, and Wyoming.
